11. CHI LA GAGLIARDA
(Villanella alla Napolitana)

1. Fair Ladies, whoever wants to learn the galiard should come to us, for we are fine teachers who
   night and morning never fail to play tan tan tira.
2. Try it a little and call in whoever you like; after you've done ten turns we leap up, who night and
   morning never fail to play tan tan tira.
3. So, dear Lady, if you want to learn the galiard, you must do it under the master, for night and day,
   we never fail to play tan tan tira.
